TOWN OF FALHER

BYLAW NO. 14-05

A Bylaw to Adopt a Land Use Bylaw

WHEREAS The Municipal Council of the Town of Falher, in the Province of Alberta, in accordance with Section 639 of the Municipal Government Act, being Chapter M-26 of the Revised Statutes of Alberta 2000, adopted a Land Use Bylaw;

WHEREAS The Municipal Council deems it desirable to replace the existing Land Use Bylaw 04/06 with a revised Bylaw;

NOW THEREFORE The Municipal Council of the Town of Falher in open meeting duly assembled enacts as follows:

PART ONE ENACTMENT AND INTERPRETATION

1.1 TITLE

This Bylaw may be cited as the “Town of Falher Land Use Bylaw”.

1.2 PURPOSE

The purpose of this Bylaw is to prohibit or regulate and control the use and development of land and buildings within the Town in order to achieve orderly, efficient and economic development of land and for that purpose amongst other things:

- (a) To ensure the public is treated in an equitable, efficient, and effective manner;
- (b) To establish a method of making decisions on Development Permit applications and the issuance of Development Permits;
- (c) To divide the Town into land use districts as shown in Schedule “B” – Town of Falher Land Use Districts Map;
- (d) To prescribe and regulate for each land use district the development for which land and buildings may be used, and
- (e) To provide guidelines for subdivision design for each land use district.

1.3 APPLICATION OF BYLAW

The provisions of this Bylaw apply to all land and buildings within the corporate boundaries of the Town of Falher.

1.4 CONFORMITY WITH BYLAW

1.4.1 No person shall commence any development unless it is in accordance with the terms and conditions of a Development Permit issued pursuant to this Bylaw, where such a permit is required.

1.4.2 Nothing in this Bylaw prevents the use of any lot, building or structure for any purpose not permitted by this Bylaw if such lot, building, or structure was lawfully used for such purpose on the date of passing this Bylaw provided it is used for that purpose on a continuous, uninterrupted basis (see Section 9.1).

1.4.3 Provincial Exemptions

Pursuant to Section 618 and 618.1 of the Municipal Government Act, RSA 2000, this bylaw does not apply when a development or a subdivision is effected only for the purpose of:

- (a) a highway or road as defined by the Municipal Government Act,
- (b) a well or battery within the meaning of the Oil and Gas Conservation Act,
- (c) a pipeline or an installation or structure incidental to the operation of a pipeline,
- (d) the geographic area of a metis settlement, and
- (e) a confined feeding operation within the meaning of the Agricultural Operations Practices Act.

1.5 DEFINITIONS

In this Bylaw, unless the context requires otherwise:

“ABOVEGROUND CRUDE OIL STORAGE TANK” means a tank that sits on or above the ground and whose top and complete external sides can be visually inspected and whose use is for the storage, commercialization, and sale of Crude Oil.

“ACCESSORY USE or BUILDING” means a building or use that is subordinate to, exclusively devoted to, and located on the same site as the principal building or use. Where a structure is attached to a principal building on a site by a roof, an open or enclosed structure, a floor or

foundation, or any structure below grade allowing access between the building and the structure, it is considered part of the principal building. Accessory buildings include garages, carports, sheds, storage buildings, decks, patios or balconies, permanently installed private swimming pools and hot tubs and other accessory structures such as poles, free standing satellite dishes and towers but does not include Sea-Cans.

- (a) a copy of the development permit application,
 - (b) a map of the proposed location of the application,
 - (c) an explanatory note of the development approval and appeal process,
 - (d) the time period within which written comments regarding the application must be received.
- 5.1.3 Upon receipt of a notification from the Natural Resources Conservation Board in regards to a Confined Feeding Operation, the Development Officer shall refer it to Council for comment.

5.2 WHEN A DECISION WILL BE MADE

- 5.2.1 The Development Authority shall consider and decide on applications for development permits within forty (40) days of the receipt of the application in its complete and final form, unless the applicant has entered into an agreement with the Development Authority to extend the forty (40) day period.
- 5.2.2 An application for a development permit shall, at the option of the applicant be deemed to be refused when a decision of the Development Authority is not made within forty (40) days of the receipt of the development permit application in its complete and final form, unless the applicant has entered into an agreement with the Development Authority to extend the forty (40) day period.

5.3 NOTIFICATION OF DEVELOPMENT PERMIT APPROVAL OR REFUSAL

- 5.3.1 When an application for a development permit is approved for a Discretionary Use, an official of the Municipality shall publish a notice in a local newspaper mapping the location and address of the property for which the application has been made and the development permit approved.
- 5.3.2 A decision of the Development Authority of a Development Permit application shall be given in writing by an official of the Municipality and a copy of it shall be sent to the applicant and/or their agent, by mail.
- 5.3.3 When the Development Authority refuses an application for a Development Permit, the notice of decision, containing reasons for the refusal, shall be given in writing by an Official of the Municipality and a copy of it shall be sent to the applicant and/or their agent by mail.

5.4 EFFECTIVE DATE OF PERMIT APPROVAL

- 5.4.1 For the purpose of this Bylaw, notice of the decision of the Development Officer is deemed to have been given on the day when Notice of Decision for approval (with or without conditions) has been published in a newspaper or when notice of refusal has been received by the applicant through registered mail.
- 5.4.2 A development permit is automatically effective twenty-four (24) days after its issuance unless an appeal is lodged with the Subdivision and Development Appeal Board.
- 5.4.3 When an appeal is made with respect to a development permit approved by the Development Authority, the development permit which has been issued shall not come into effect until the appeal has been determined, at which time the permit may be approved, modified, or nullified thereby.
- 5.4.4 A decision on a development permit application may be appealed within twenty (21) days after the decision has been made or deemed refused.

5.5 WAITING PERIOD FOR RE-APPLICATION

Bylaw 19-12
2019/11/12

- 5.5.1 When an application for a development permit has been refused pursuant to this Bylaw or ultimately after appeal, the submission of another application for a development permit on the same parcel of land and for the same or similar use of the land by the same or another applicant may not be accepted by the Development Officer for at least six (6) months after the date of the refusal, unless the application was deemed refused or refused under section 4.3.5 (b).

The regulations contained in this Section shall apply to all Land Use Districts within the Town of Falher as shown on Schedule “B” – Town of Falher Land Use Districts Map.

6.1 NON-CONFORMING USES

- 6.1.1 If a development permit has been issued on or before the day on which a land use bylaw or a land use amendment bylaw comes into force in a municipality and the bylaw would make the development in respect of which the permit was issued a non-conforming use or non-conforming building, the development permit continues in effect in spite of the coming into force of the bylaw.
- 6.1.2 A non-conforming use of land or a building may be continue to but if that use is discontinued for a period of six (6) consecutive months or more, any future use of the land or building shall conform with the land use bylaw then in effect.
- 6.1.3 A non-conforming use of part of a building may be extended throughout the building but the building, whether or not it is a non-conforming building, shall not be enlarged or added to and no structural alterations shall be made to it or in it.
- 6.1.4 A non-conforming use of part of a lot shall not be extended or transferred in whole or in part to any other part of the lot and no additional buildings shall be erected on the lot while the non-conforming use continues.
- 6.1.5 A non-conforming building may continue to be used but the building shall not be enlarged, added to, rebuilt or structurally altered except:
 - (a) as may be necessary to make it a conforming building; or
 - (b) as the development officer considers necessary for the routine maintenance of the building.
- 6.1.6 If a non-conforming building is damaged or destroyed to the extent of more than 75% of the value of the building above its foundation, the building shall not be repaired or rebuilt except in accordance with the Land Use Bylaw.
- 6.1.7 The land use or the use of a building is not affected by change of ownership, tenancy or occupancy of the land or building.

6.2 PARKING & LOADING FACILITIES

- 6.2.1 When a building is constructed or changed in use, in such a manner as to cause an intensification of the use of that building, provision shall be made for the additional parking spaces required under the parking provisions of this Bylaw.

6.2.2 Parking spaces shall be located on the same site as the building or the use in respect of which it is required and shall be designed, located and constructed so that:

- (a) it is reasonably accessible to the vehicle intended to be accommodated there;
- (b) it can be properly maintained; and
- (c) it is satisfactory to the Development Officer in size, shape, location and construction.

6.2.3 Off street parking shall be provided in accordance with the following table:

TYPE OF USE	MINIMUM PARKING

6.3 PARKING VARIANCE PROVISIONS

- 6.3.1 Notwithstanding Section 6.2, in a C-1 District only, the Development Authority may allow for the required number of parking spaces to be fulfilled by the use of on-street parking (as per Section 6.3.2).
- 6.3.2 In a C-1 District only, the Development Authority may allow the parking requirements to be fulfilled by the inclusion of on-street parking immediately fronting and adjacent to the site under the following conditions:
- (a) If the total number of required parking spaces is 10 or less, up to 100% of the parking requirement may be located on-street, provided that the required number of stalls is available on-street and adjacent to the site.
 - (b) If the total number of required parking spaces is greater than 10, up to 70% of the parking requirement may be located on-street, provided the required number of stalls is available on-street and adjacent to the site.

6.4 DESIGN AND DIMENSIONS OF REQUIRED PARKING SPACES

6.4.1 Off-street parking spaces shall be designed and provided in accordance with the following minimum dimensions:

Width of Stall m (ft.)	Angle of Parking Degree	Width of Aisle m (ft.)	Depth of Stall Perpendicular to Aisle m (ft.)
2.5 (8.0)	30	5.5 (18.0)	5.1 (16.5)
2.5 (8.0)	45	5.5 (18.0)	6.0 (19.5)
2.5 (8.0)	60	5.5 (18.0)	5.5 (18.0) 6.5 (21.5)
2.5 (8.0)	90	5.5 (18.0)	6.0 (19.5) 7.0 (23.0)

All dimensions are in metres

6.4.2 Each parking space for parallel parking on a street shall be a minimum of:

- (a) 18 m² (194 ft²) in area,
- (b) 2.5 m (8 ft.) in width.

6.4.3 Any loading space shall be of a size necessary to accommodate the expected vehicles but shall not be less than the following minimum dimensions:

- (a) 28 m² (301 ft²) of area,
- (b) 3.5 m² (11.5 ft²) in width,
- (c) 4 m (13 ft.) of overhead clearance.

- 6.4.4 Any parking space or any loading space provided shall be developed and surfaced in accordance with Section 6.5 as a condition of development permit approval.
- 6.4.5 Adequate curbs or concrete bumpers or fences shall be provided to the satisfaction of the Development Officer, if in their opinion, it is or becomes necessary to protect adjacent fences, walls, boulevards, landscaped areas or buildings on the site, or an abutting site, from contact with vehicles using such parking space or area.
- 6.4.6 Off-street parking shall be provided in the manner shown on the approved site plan with the entire area to be graded so as to ensure that drainage will be confined to the site and disposed of in a manner satisfactory to the Development Officer as a condition of development permit approval.

6.5 PAVING REQUIREMENTS

- 6.5.1 Except for an Industrial District, a UR District or where dwellings of less than 3 units are considered the principal use of the site, all parts of a site to which vehicles may have access shall be surfaced to the same standard as its main access road.
- 6.5.2 In accordance with Section 6.5.1 and as a condition of development permit approval, all areas to which vehicles may have access shall be paved within twelve (12) months of paving the main access road.
- 6.5.3 The Development Authority may, at their discretion, defer paving requirements.

6.6 LANDSCAPE AND SCREENING

- 6.6.1 All landscaping standards shall be followed in accordance with this section.
- 6.6.2 The Development Authority may require, at its discretion, landscaping plans.
- 6.6.3 All areas not used for vehicle circulation, storage or a structure shall be landscaped.
- 6.6.4 Any area requiring landscaping or topographic reconstruction shall be landscaped so that the finished surface contours do not direct surface drainage onto an adjoining site.
- 6.6.5 The maximum gradient from the top of the curb (where curb exists) to the house (at grade) shall be 8%. Where no curbs exist, the gradient shall be determined from where the deemed elevation of the top of the curb shall be.
- 6.6.6 The maximum height measured from the top of the curb (where curb exists) to the house measured at grade shall be 0.91 m (3.0 ft.), but in no case shall the grade be greater than 8%. Where no curb exists, the maximum height shall be determined from where the deemed elevation of the top of the curb shall be.
- 6.6.7 In all Districts, the Development Authority may require screening to be provided in the form of hard or soft landscaping in order to visually screen areas which detract from the surrounding neighbourhood and/or reduce the impact of nuisance in the form or noise,

dust, and odour on the surrounding properties. The construction and materials of the screen shall be of a quality to the satisfaction of the Development Authority.

EXPLANATION NOTES

Maximum Grade and Elevation

This graphic is not part of this bylaw but is provided to aid in its interpretation.

- 6.6.6 The maximum height measured from the top of the curb (where curb exists) to the house measured at grade shall be 0.91 m (3.0 ft.), but in no case shall the grade be greater than 8%. Where no curb exists, the maximum height shall be determined from where the deemed elevation of the top of the curb shall be.
- 6.6.8 In all Districts, the Development Authority may require screening to be provided in the form of hard or soft landscaping in order to visually screen areas which detract from the surrounding neighbourhood and/or reduce the impact of nuisance in the form or noise, dust, and odour on the surrounding properties. The construction and materials of the screen shall be of a quality to the satisfaction of the Development Authority.
- 6.6.9 In any Commercial or Industrial District, all outside storage areas abutting any Residential District shall be screened from the first story view of any dwelling unit to the satisfaction of the Development Authority.
- 6.6.10 Any lighting proposed to illuminate areas in any district shall be located and arranged to the satisfaction of the Development Officer so that all rays of light are directed upon the area to be illuminated and not on any adjoining properties.

6.7 CORNER SITE RESTRICTIONS

- 6.7.1 Except in C-1 District, on any corner site, no finished grade shall exceed the general elevation of the street line by more than 60 cm (2 ft.) within the area defined as a sight triangle.
- 6.7.2 Except for Section 6.7.1 (above), no person shall place or maintain any object, structure, fence, hedge, shrub or tree in or on that part of the sight triangle, if such object or structures, in the opinion of the Development Authority, interfere with traffic safety or the site triangle

6.8 RELOCATION OF BUILDINGS

- 6.8.1 On application for a development permit for the relocation of a building on the same site or from another site, the Development Officer may require the applicant to provide:
 - (a) an irrevocable letter of credit of such amount to ensure completion of any renovations set out as a condition of approval of a development permit, and/or
 - (b) a certificate from a structural engineer duly registered with the Province of Alberta, to confirm that the building is structurally sound, and/or
 - (c) coloured photographs accurately depicting the site and general condition of the building and its conformity with the neighbourhood, and/or
 - (d) complete site plan showing how the proposed building would be located on the proposed lot, and/or
 - (e) floor plan and foundation plan, and/or
 - (f) the applicant shall provide an unconditional right of entry for the Development Officer, or appointed successors to inspect the said premises and building until such time as the building has complied with the requirements of the development permit.
- 6.8.2 Renovations of the relocated building shall be completed within one year of the issuance of a development permit.
- 6.8.3 All development permits for moved in buildings shall be decided on by the Development Authority based on the following considerations:
 - (a) age and appearance of the building,
 - (b) building condition and materials,
 - (c) the compatibility of the building with surrounding uses and with the adjacent area, and

- (d) other considerations unique to the building proposed to be relocated.

6.9 OBJECTS PROHIBITED IN DISTRICTS

6.9.1 No person shall be allowed to keep or maintain:

- (a) a commercial vehicle with a Gross Vehicle Weight (G.V.W.) rating in excess of 5,000 kg (11,023 lbs) to remain in a residential district for longer than is reasonably necessary to load or unload the vehicle;
- (b) any excavation, building or storage of material upon a site during the construction stage of any development unless all safety requirements are complied with and the owner and developer of any such site assumes full responsibility for on-site safety measures in writing;
- (c) any excavation, equipment, or construction materials to remain on a site over a period longer than is reasonably necessary for completion of construction.

6.10 RECREATIONAL VEHICLES

6.10.1 The storage of a recreational vehicle for a period exceeding 24 hours is prohibited on municipal property and public road right-of-ways.

6.10.2 In the case of a corner lot, no recreational vehicle shall be allowed to be stored or parked in the sight triangle.

6.10.3 No person shall reside in a recreational vehicle on a vacant lot in any district for any period greater than one month (31 days).

6.10.4 No person shall occupy a recreational vehicle in any district for any period of time exceeding one (1) month except:

in the manufactured Home Residential District (MHR) this period may be extended for up to six (6) months, at the discretion of the Development Authority, only in a manufactured home park setting.

in any district where residential uses are allowed, for the purpose of providing temporary (3 months maximum) residence due to the construction, maintenance, and/or alterations of a residential dwelling.

in designated camping areas, this provision may be extended at the discretion of the Development Authority and the campground operator.

6.11 SWIMMING POOLS

- 6.11.1 A development permit is required for the installation of swimming pools and the required enclosures.
- 6.11.2 No person shall place water in a swimming pool or allow water to remain therein unless an enclosure has been erected and maintained to a standard sufficient to make such area not accessible to unauthorized persons.
- 6.11.3 Fencing must be constructed to a minimum height of 1.5 m (5 ft.) and to the satisfaction of the Development Authority.
- 6.11.4 All fencing shall be made of wood or chain link construction and shall be self-closing, latching and outward opening. The latching mechanism must be installed at least 1.3 m (4.5 ft.) above the grade at which the gate is located.
- 6.11.5 Fencing may be of construction other than that in subsection 6.11.4, provided an equivalent or greater degree of safety is maintained.
- 6.11.6 No swimming pools shall be located in the front yard of the principal dwelling.
- 6.11.7 The Development Authority may require additional screening and/or landscaping adjacent to the swimming pool area in order to screen the pool from view.

6.12 PROPANE TANKS

- 6.12.1 Permanent propane tank installations are prohibited in all residential districts and recreational vehicle parks.
- 6.12.2 Portable propane tanks are permitted in all residential districts and recreational vehicle parks.
- 6.12.3 All non-portable propane tanks shall be screened from view from the adjacent properties and public thoroughfares including internal roads to the satisfaction of the Development Authority.
- 6.12.4 Notwithstanding subsection 6.12.1, the Development Authority, at its discretion, may allow a permanent propane tank installation in a residential district or a recreational vehicle park only where natural gas is not available for purchase.
- 6.12.5 Recreational use of propane in portable cylinders for uses such as barbecues, lanterns, and other recreational uses deemed similar by the Development Authority are exempt from the regulations of this section.

6.13 PROJECTIONS INTO YARDS

6.13.1 No projections shall be permitted into yards without a variance being granted subject to the provisions of this bylaw.

Bylaw 19-10
2019/09/09

6.13.2 Notwithstanding subsection 6.13.1 and subject to 6.22.1, the Development Authority may, without an application for variance, allow the following architectural features that are attached to the principal building by a common roof, foundation, an open or enclosed structure, or any other means of construction, to project up to a maximum of 1.5 metres into the required front yard setbacks in a residential district:

- (a) eave,
- (b) canopy,
- (c) cornice,
- (d) balcony,
- (e) stairs,
- (f) landings not exceeding 2.5 square metres,
- (g) uncovered deck, and
- (h) other architectural features which, in the opinion of the Development Authority, are of similar nature and considered part of the principal building.

6.13.3 Notwithstanding any other part of this bylaw, only in respect to existing previously approved patio decks, balconies, shade projections, and any other architectural features, which in the opinion of the Development Authority are of a similar nature, the Development Authority may, in its discretion, grant a variance in excess of 10% to a maximum of 80%, but in no case shall development occur in the sight triangle.

6.14 SETBACKS FROM POWER LINES

6.14.1 For all urban uses, the minimum required separation distance measured at right angles from the power line to the structure shall be 3.0 m (10 ft.).

6.14.2 For all farm and rural uses, the absolute minimum required separation distance measured at right angles from the power line to the structure shall be 15.0 m (50 ft.).

6.14.3 Notwithstanding 6.14.1 and 6.14.2, the Development Authority, at its discretion may increase the minimum required separation distance between any structure and any power line based on recommendations received from the electricity provider.

6.15 NUMBER OF DWELLINGS PERMITTED ON A LOT

6.15.1 No person in the Town shall construct or cause to be constructed more than one (1) dwelling unit per lot.

- 6.15.2 Notwithstanding Section 6.15 (a), multi-unit residential dwellings (apartments, duplexes, four-plexes, etc.) may be allowed to be developed on a lot in accordance with the provisions of this Bylaw.

6.16 APPLICATIONS FOR SUBDIVISIONS

- 6.16.1 Notwithstanding any other part of this Bylaw, Council may approve and/or recommend to its Subdivision Authority a variance in the regulations contained in this Bylaw as they relate to an application for subdivision.
- 6.16.2 In regards to applications for subdivision, Council may approve and/or recommend a variance in the regulations after taking into account the following:
- (a) servicing;
 - (b) access;
 - (c) characteristics of the subject property;
 - (d) existing and future land uses; and
 - (e) any other matters deemed necessary by Council.

6.17 SHOPPING CENTRES

- 6.17.1 A minimum landscaped buffer strip of 1 m (3.3 ft.) in width shall separate any parking area from the lot line of the site.
- 6.17.2 In considering an application for a development permit, the Development Authority shall evaluate the proposal according to the following criteria:
- (a) orientation, exterior design and architectural appearance of buildings or structures should be of a high standard;
 - (b) location of the development must be compatible with adjacent land uses;
 - (c) vehicular traffic flow patterns within and access to and from the site must not cause traffic congestion;
 - (d) pedestrian access and egress within the site and from any public sidewalk must be convenient and safe; and
 - (e) location of exterior signs (information, directional or advertising) must maintain a unified theme and shall conform to the requirements of this Bylaw.

6.19 SEWAGE DISPOSAL

- 6.19.1 No surface discharge of sewage shall be permitted. Septic systems will be allowed only if effluent is stored in tanks and hauled away.

6.20 FENCES

- 6.20.1 Development Permits shall be required for construction of all fences. No person shall construct a fence on a site in a residential district that is higher than:

- (a) 1.8 m (6 ft.) for the portion of the fence running along the side or flankage that does not extend beyond the foremost portion of the principal building on the site; and
- (b) 1 m (3.3 ft.) for the portion of the fence running in the front yard.

6.20.2 Notwithstanding any other provision of this Bylaw, the Development Authority may allow for the construction of a chain-link type fence by allowing a variance to the regulations used for the construction of fences when, in the opinion of the Development Authority, the erection of the fence does not impede traffic movement and/or safety.

6.21 SATELLITE DISH ANTENNAS

6.21.1 A satellite dish antenna shall not be located on a rooftop except for:

- (a) apartment buildings 3 stories or greater in height, or,
- (b) buildings in Commercial and Industrial Districts.

6.21.2 A satellite dish antenna shall be located entirely to the rear of the rear wall of the principal building.

6.21.3 Where satellite dish antennas cannot meet the rear yard setback requirements they may be permitted in the side yard provided that they meet the specific setback requirements of the corresponding land use district

6.21.4 Section 6.21.1 and 6.21.3 may be waived where the applicant can demonstrate, to the satisfaction of the Development Officer, that compliance with these sections would prevent line of sight signal reception.

6.21.5 The satellite dish antenna shall be located on the same site as the intended signal user.

6.21.6 Where any part of a satellite dish antenna is more than 3 m (10 ft.) above grade it shall be screened and located to the satisfaction of the Development Officer.

6.21.7 If a signal cannot be received in a location other than a front yard, the minimum front yard setback shall be 3 m (10 ft.)

6.21.8 The illumination of a satellite dish antenna is prohibited.

6.21.9 No advertising shall be allowed on a satellite dish antenna (The manufacturing logo is excluded from this requirement).

6.21.10 Notwithstanding any other regulation contained in this Bylaw, smaller-sized dish antennas may be mounted on the building subject to the approval of the Development Officer and based on the following considerations:

- (a) appearance of the dish antenna;
- (b) relationship to adjacent properties; and
- (c) safety factors.

 - (d) display any form of commercial advertising, wares or products discernible from the outside of the building.

6.24 MANUFACTURED HOMES

Bylaw 15-11
2015/11/09

- 6.24.1 Before a development permit is issued for a manufactured home, the Development Authority shall receive verification that the home fully complies with the Alberta Building Code (ABC) and either the CSA Z240 MH National Manufactured Home Standard or CSA A277 Procedure for Factory Certification of Buildings Standard. If the CSA Z240/A277 sticker or the Alberta Municipal Affairs sticker verifying

compliance to the ABC is missing, the Development Authority may require an inspection by an Alberta Safety Codes Officer.

- 6.24.2 Should an inspection by an Alberta Safety Codes Officer be required, and should the inspection indicate that upgrades to the manufactured home are necessary to bring the home into compliance with the CSA Z240/A277 standard or the ABC, all required upgrades shall be made before the issuance of a development permit.
- 6.24.3 In addition to the requirements of subsection (1) and (2) above, a manufactured home must meet the following aesthetic regulations:
- (a) The height of the main floor above grade shall be consistent with the height of the main floor of dwellings in the immediate area.
 - (b) The roof pitch shall be consistent with the roof pitch of dwellings in the immediate area.
 - (c) Exterior finishing materials used on the roof and exterior walls shall be consistent with the materials used on dwellings in the immediate and general area and be in good condition.
 - (d) Minimum roof overhang or eaves should be consistent with the overhang or eaves of dwellings in the immediate area.
 - (e) The undercarriage of a manufactured home shall be completely screened from view by fireproof skirting or by such other means satisfactory to the Development Officer or the Municipal Planning Commission.
 - (f) The design of each manufactured home shall ensure the side or end of the building facing the street contains a front door, and/or windows in quantity and size to provide a strong visual connection between the building and the street.
 - (g) Every manufactured home shall be placed on a full perimeter foundation that complies with the ABC unless the manufactured home is designed to be supported on longitudinal floor beams, in which case an alternate skirted foundation system as described in CSA Z240.10.1 may be utilized.
 - (h) The full perimeter foundation or the skirting utilized on an alternative skirting foundation should be parged in order create the same finished appearance customarily found on concrete basements of single detached dwellings in the immediate area.
 - (i) All accessory structures, additions, porches, and skirting shall:
 - (i) be of a quality and appearance equivalent to that manufactured home;
 - (ii) be considered as part of the main building; and
 - (iii) be erected only after obtaining a development permit.

- (j) The floor area of porches shall be proportionate to the floor area of the manufactured home unit and this relationship shall be determined by the Development Authority.
 - (k) Additions shall not exceed 30% of the gross floor area of the manufactured home subject to setback requirements being met.
 - (l) For the purposes of storage, any domestic equipment or seasonally used equipment shall be stored in adequate covered storage or screening either individually on the lot or communally, and shall conform to the Alberta Building Codes (ABC) standards.
 - (m) The following regulations also apply to manufactured home uses located in residential subdivisions and manufactured home parks:
 - (i) The hitch and wheels are to be removed from the manufactured home.
 - (ii) All manufactured homes shall be placed on a foundation or base. The manufactured home is to be attached by means of bolting or similar connectors to the foundation or base.
 - (iii) The property is to be grassed and landscaped within one (1) year from the date of issue of the development permit.
 - (iv) Minimum lot area and width may be less in the case of existing registered substandard lots, with the approval of the Development Authority.
- 6.24.4 Any required aesthetic upgrades to the manufactured home must be completed before the issuance of the development permit. The completion of foundation or skirting material must be completed within thirty (30) days of the placement of the manufactured home on a site.
- 6.24.5 Used manufactured homes over the age of 5 years under consideration or relocation on a parcel shall meet the following criteria:
- (a) not be older than 10 years of age,
 - (b) enclosed by a peaked roof,
 - (c) be architecturally similar to existing dwellings in the vicinity of the proposed development.
- 6.24.6 Manufactured homes shall be located in areas free from shifting due to frost and readily accessible for water line hook-up.
- 6.24.7 With the exception of driveways, no accessory building or use shall be located in the front yard of any residential district.

6.25 MOTELS

- 6.25.1 Not less than 3.5 m (11.5 ft.) of clear, unoccupied surface space shall be provided between each rentable unit except where the rentable units are connected by a common roof or wall.
- 6.25.2 Each rentable unit shall face onto or abut a driveway not less than 6 m (10 ft.) in width and have unobstructed access thereto.
- 6.25.3 Garbage facilities shall be provided to the satisfaction of the Development Officer.

6.26 SEA-CANS

- 6.26.1 A sea-can may not be located on a lot where there is no principal use.
- 6.26.2 The maximum number of sea-cans that may be placed on a commercial or industrial lot is at the discretion of the Development Authority.
- 6.26.3 Sea-cans cannot be used as a dwelling unit of any form within the Town of Falher.
- 6.26.4 Sea-cans cannot be stacked. The maximum height for a sea-can allowed on a lot is 3.0 m (9.8 ft.).
- 6.26.5 Sea-cans must be well-maintained and in good condition, or alternatively, must be adequately buffered to the satisfaction of the Development Authority. The Development Authority may require that a sea-can be given a fresh coat of paint as a condition of the issuance of a development permit.
- 6.26.6 A maximum of one (1) sea-can may be allowed, at the discretion of the Development Authority, for a temporary period not exceeding six (6) months during the construction of the primary dwelling on a lot.
- 6.26.7 The exterior finish of a sea-can sited within a Commercial or Residential District must be consistent with the finish of the primary building.
