

July 23/26

To Town of Falher, Council, Residents & Local Businesses,

This letter serves as an official notification that construction activities will soon commence in the **Town of Falher on Mainstreet between 3rd Ave and 2nd Ave including both intersections**. These activities are part of ongoing efforts to improve the infrastructure and enhance the overall living conditions in the area.

Project Details:

The construction work will begin on **Aug 7, 2026**, and is expected to last approximately **36 site working days**, concluding on **Sept 25, 2026**. During this period, Mainstreet will need to be closed between & including the 3rd Ave & 2nd Ave intersections. The priority will be to complete all the work in the area of Mainstreet and 3rd Ave in order to reopen the intersection and provide better traffic flow and access to businesses and residential areas. Residences may experience noise disturbances and additional construction traffic. The project will also require multiple temporary disruptions to the water service. We will make every effort to limit the affected area and time duration the water service is disrupted. We are committed to minimizing any inconvenience and ensuring that work is carried out efficiently and safely.

Purpose of Construction:

The project aims to update water and sanitary utilities. This includes water & sewer mains, valves and manholes.

Important Notes:

- Construction hours will be limited to **7:00 AM – 7:00 PM**, Monday through Friday, to reduce disruption to daily activities. Work crews may be present and active on Saturdays pending work progress.
- Access to **residential areas and businesses** will remain available, although restricted through 7th ave south of mainstreet closed area & 1st Ave north of mainstreet.

- Completing the work in the Mainstreet and 3rd Ave intersection will be prioritized to reopen the intersection early.
- We are taking every step to ensure the safety and convenience of the community. Please comply with posted signs and instructions during this time.

We encourage residents to contact **HAE Enterprises Ltd** if you have any questions or concerns regarding the project. We appreciate your cooperation and understanding as we work to improve the local infrastructure.

Thank you for your attention to this important matter.

Sincerely,

Ben Braim
